# Standard Guarantee

OF

AMERICAN SHORTHORN BREEDERS'

## ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs disease of the state.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

#### A WORD ABOUT THIS OFFERING—

When Charles and Lyle Ewald and Sylvester Wesley informed me they would like to hold a production sale, immediately the thought came to my mind that here would be the finest group of Shorthorns to sell in Minnesota in a long time. When they showed me the cattle and their pedigrees that they were selling I knew it was as fine a group as ever had been offered in Minnesota in one sale.

Each is selling a group of young cattle, many of which should have been retained in their breeding herds.

Chas. and Lyle Ewald are offering this choice group because their great herd of mostly imported foundation stock has now reached the size where they can offer such a group for sale. As you study the catalog you will realize that for the last twenty years only the very top imported bulls and females have gone into this herd. Formerly, they consigned their productions to the leading consignment sales in the Nation, including the International Congress Sale. However, with 19 lots to offer, their large farming operations will not permit the time to consign to all of these sales. Therefore, they are offering these in this one sale.

Sylvester Wesley and his son Dick had formed a partnership and were in the process of expanding their top Shorthorn herd. Last June Dick met an untimely death in a tractor accident. This was a severe shock to his family and the entire Shorthorn fraternity who recognized him as one of the up and coming young breeders in the state. He left his wife, Theresa and three young children besides his parents and one brother, Luke.

Therefore, for the time being, this good herd of Shorthorns will have to be reduced and these choice productions which were intended for herd expansion are offered for sale.

However, Theresa Wesley and her children will remain at Hilltop Farm in active partnership with Sylvester Wesley, and as her sons grow older the herd will again be expanded.

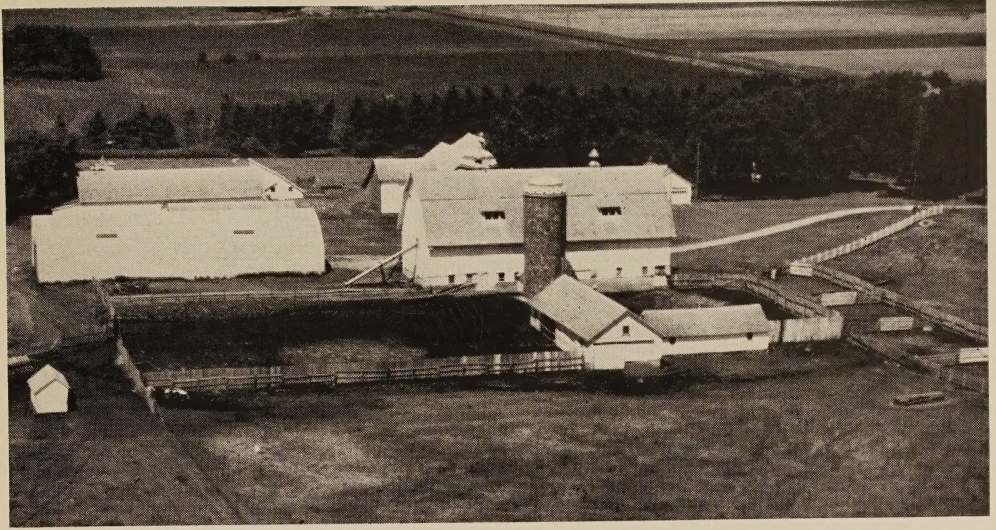

Only top bulls and selected females have ever been used in the herd. For many years their productions were tops in the State sale. This group is the best they have ever offered.

Therefore, it will be every prospective buyer's gain to purchase good, sound, well bred seed stock in this sale which ordinarily would not be for sale.

Both the Ewalds and the Wesleys would appreciate to have their many friends with them at Blue Earth on November 7th.

**ALBERT J. HAMANN, Sale Manager.**

### THE EWALDS INVITE YOU—

We, at Fair Acres Farm, invite you to be with us at Blue Earth on November 7th.

When our good friend and neighbor, Sylvester Wesley, suggested that we join forces and hold a Shorthorn sale we were more than happy to do so.

Our herd was established nearly forty years ago. We have continually tried to improve it. We have drawn on the very best herds in Scotland, Canada and the United States for our foundation stock. At present our herd is nearly all imported or out of imported sires and dams.

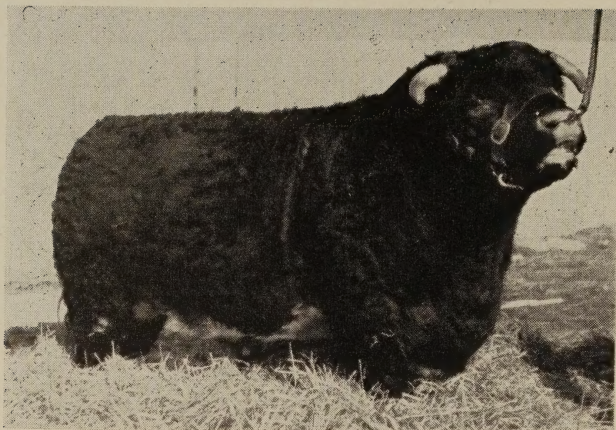

The acceptance of our productions at the International Congress sales and other leading sales has been gratifying.

To make this sale attractive, we are selling bulls that should have been retained for our show herd, and females that should have gone back into the breeding herd.

Therefore, we are willing to recommend every animal in this offering and are confident that you will like them. By all standards their pedigrees are the best and our show winnings prove their individuality.

Being with us November 7 could be a profitable day for you.

**Chas. and Lyle Ewald.**

FAIR ACRES FANTASY—A beautiful heifer that would be an attraction in any sale. She is a show heifer and stood well up in her class when shown this year. By Drynie Drambuie, it is females like this that stamp him as a great sire. Her imported dam by Cruggleton Raeside was one of the tops in a Gardhouse sale. In addition, she is a three-quarters sister to Pittodrie Monarch, the \$8,300 top selling bull of the 1956 Leveledale sale purchased by Kenneth Kettenhoffen, Elkhorn, Wisconsin, in whose good Westmere herd he is now in service. In addition, she was bred August 31st to a 1958 Perth winner, Imp. Glamis Diplomat, our new herd sire. This is one of the most attractive females to sell this year.

#### **BRAEBOURNE HARMONY**

Subject in a type demonstration at the 1955 Minnesota State Field Day held at the Wesley's Hilltop Farm. Dick Wesley holding; Sylvester Wesley in right background.

#### **THE WESLEYS INVITE YOU—**

The entire Wesley family invites you to be with us at Blue Earth on November 7.

We had great plans at Hilltop Farm, but when our son, husband, father and brother, Dick, met an untimely accidental death in a tractor accident last June it was a severe blow to our plans. In addition, it necessitated some changes in our plans. Therefore, instead of going ahead with our herd expansion it meant some herd reduction due to the loss of our most energetic and loyal helpmate.

Nevertheless, a select herd of Shorthorns will be maintained at Hilltop Farm because that is the way Dick would have wanted it. When his sons grow older, very likely the herd will again grow to the number originally intended. However, regardless of the unfortunate turn of fate we are selling a young group of top cattle that were intended for the breeding herd.

The Hilltop herd was established 38 years ago. Select females were used for foundation stock and always a top bull of the very best breeding was used. We know our herd has improved. Buyers at top sales have verified this.

Thus, when Charles and Lyle Ewald consented to join us in a really top production sale we knew we could offer one of the finest group of Shorthorns ever offered in one sale in the State of Minnesota.

We feel we are selling the best group of cattle we have produced in our 38 years in the Shorthorn business. We have always tried to retain only top individuals of rich proven breeding in our herd. Therefore, we believe we are offering a very uniform group of Shorthorns of like breeding and proven productivity.

We would like to see all our friends at Blue Earth on November 7 and have you inspect our offering.

**Mr. and Mrs. Sylvester Wesley and family.**
